ESCUTCHEONS

ESCUTCHEONS

Make your own choice combining levers or door knobs with our escutcheons. Standard Fersa and Custom finishes are available. Please provide locking mechanism brand being used. Some of the escutcheons in combination with our levers can also be used with

Multi-Point locking systems using either Euro-profile or American cylinders. As Multi-Point systems vary greatly in configuration, it is necessary to provide exact specifications of lock brand being used on a project before the escutcheon can be manufactured.
