MULTI-POINT COMBINATIONS

WINDOW
FASTENERS & MISCELLANEOUS

MULTI-POINT TRIMS *for Doors*

Some of our escutcheons in combination with our levers, can be used with Multi-Point locking systems using either Euro-profile or American cylinders (Levers are recommend with Multipoint systems).

As Multi-Point systems vary greatly in configuration, it is necessary to provide exact specifications of lock brand being used on a project before the escutcheon can be manufactured.
